

REFLECTIONS FROM INTERNS

"It was exciting to be given roles, responsibilities and challenges that will prepare me for future job opportunities. It has definitely strengthened my skills and provided me with new knowledge. The Educators were extremely helpful and supportive."

HEBA, Little Acorns Childcare Centre
First Year ECE Student, Summer 2010

"This has been the most enjoyable, educational job I have ever had. I have seen myself grow through the summer and I have come to realize that I am extremely happy that I will be graduating in ECE and I have the opportunity to do work that I truly enjoy doing everyday. I would love to be a part of this amazing organization. I really hope I can come back when I graduate."

ELLEN, ABC Child Care Centre (Adelaide)
Second Year ECE Student, Summer 2009
Permanently employed, Spring 2010

"When I applied to the intern program, I was already an ECE graduate and was finishing up the Autism and Behavioural Science post graduate program at Fanshawe College ... I was welcomed by the staff right away. While working I was able to learn a lot about myself as an Educator. This experience allowed me to not only gain new skills but also improve the ones I had. I am now more confident in myself as an Educator. I think very highly of the program and feel lucky to be given this opportunity."
