

## INFANTS

Think about ice cream for Infants. What kinds of things can you do with Infants with regards to ice cream?

---

---

---

---

---

---

---

---

---

---

Tell me about a specific activity with ice cream, the goals of this activity and how do you measure whether the goals were obtained?

---

---

---

---

---

---

---

---

---

---

What did the children learn?

---

---

---

---

---

---

---

---

---

---

## TODDLERS

Tell me about play dough with Toddlers. What kinds of activities can you do with Toddlers with regards to play dough?

---

---

---

---

---

---

---

---

---

---

What are your goals with Toddlers and play dough and how do you measure the success of your goals?

---

---

---

---

---

---

---

---

---

---

What can the children learn?

---

---

---

---

---

---

---

---

---

---

SCHOOL AGE

You have just started in a school age program. What will you do to introduce yourself to the children? Will you have a goal(s)?

---

---

---

---

---

---

---

---

---

---

How will you measure the success of these goals?

---

---

---

---

---

---

---

---

---

---

What can the children learn form this experience?

---

---

---

---

---

---

---

---
